WELCOME

A very warm welcome to everyone attending *The 3S Group's* 5th Annual Country Capital Simmental Sale. Lots will be provided by eight registered Simmental Studs from the Hunter and North West areas of New South Wales and Southern Queensland. The sale will bring together a diverse range of genetics with 17 stud sires being represented in the lineup of bulls. This year's sale will again see the inclusion of Black Simmentals with four Black Bulls included in the catalogue.

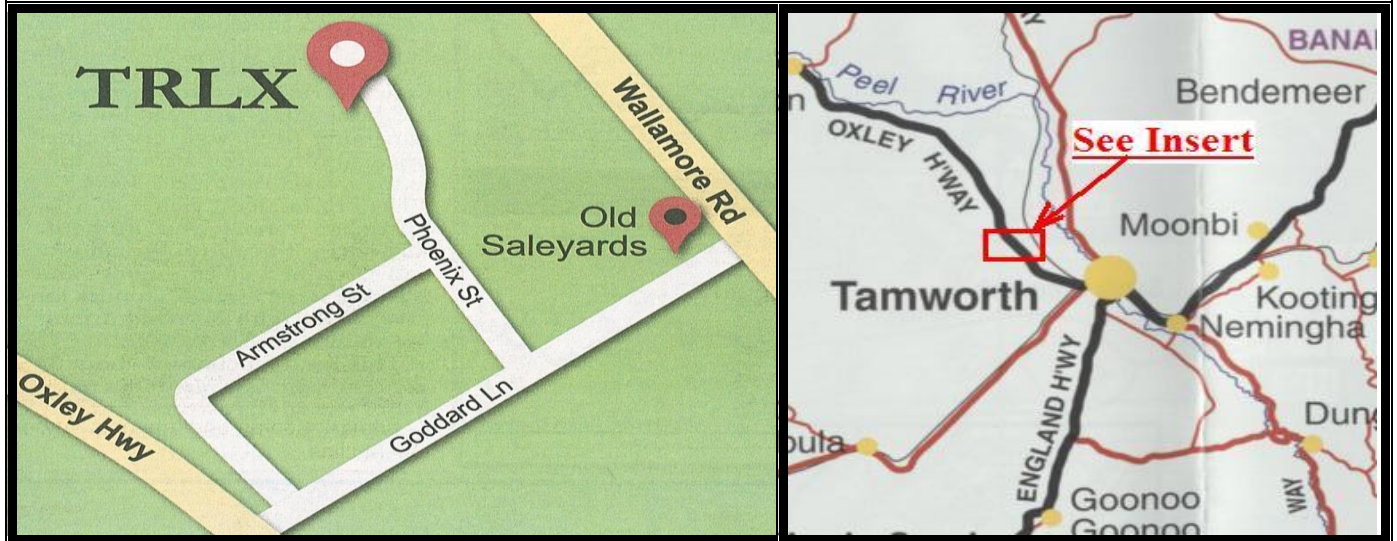

The sale will provide cattle producers in the North West, the Northern Tablelands and beyond with the opportunity to purchase Simmental Bulls and introduce the natural growth promotant of European content into their herds. Well known bloodlines including Woonalee, Barana, DFM Marcus and Black Sires ACCI Hustler & Pert Lucky Man will be represented at the 5th Country Capital Simmental Sale.

The Country Capital Simmental Sale will showcase a cross section of types that will ensure satisfaction for both the stud and discerning commercial buyer alike. Buyers can attend the sale with confidence knowing that the type of bull or female they are seeking will be available.

We hope that you have an enjoyable and successful day and pass on your impressions of our sale to friends and acquaintances that may be considering the purchase of Simmental Cattle. Our next sale is intended for August 2014.

To all those travelling have a safe journey home.

THE VENUE

The 5th Country Capital Simmental Sale will be held at the recently opened Tamworth Regional Livestock Exchange (TRLX) which is in the same broad area as the old Sale Yard Complex at Tamworth NSW. The venue is located at the end of Phoenix Street via Goddard Lane off the Oxley Highway (Gunnedah Road) 9km west of Tamworth.

Adequate parking is available at the centre and a canteen will be in operation on the day of the sale for light refreshments.

SALE INFORMATION

Health

All Sale cattle are from Protected Zones for Bovine Johnes Disease.

Fertility & Guarantee

All bulls of working age have been examined and passed a semen test. In the event of a bull proving to be infertile or incapable of natural service within 6 months of the sale, the vendor will credit the purchase price, less salvage value of the bull, providing the problem is not caused by injury or disease incurred subsequent to taking delivery. Any claim must be accompanied by a relevant veterinary certificate. The vendor retains the right to obtain an independent veterinary confirmation of any claim.

Structural Assessment

All bulls have been Beef Class Structure assessed by Mr Neville Farrawell. Bulls will be scanned on the day prior to the sale by Mr Roger Evans an Accredited Scorer (1018) with the International Beef Recording Scheme. Results of scanning for EMA, Rib Fat & Rump Fat will be available on the day of the Sale.

Inspection & Sale Times

All sale animals will be available for inspection from 10am on the sale day, the 28 August 2013. Selling will commence at 1.00pm sharp. Supplementary sheets will be available on the day of the sale.

Buyer Registration

Buyers are requested to register with the selling agent prior to the commencement of the sale and to display their registration number at the fall of the hammer.

GST

All lots are sold exclusive of GST.

Phone Bidding

Please contact the selling agent on 0428 851 704 to arrange phone bidding.

Rebate

A rebate of 2% is offered to outside registered agents introducing buyers in writing to the selling agent prior to the sale and settling within 7 days.

Transfers

Unless otherwise noted all animals are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate on the buyer's instruction slip if you would like your purchases transferred.

Insurance

The 3S Group recommends insuring all purchases at the fall of the hammer. A representative of Wesfarmers Insurance (WFI) will be available on sale day to assist.

-- Monreid Monarch

-- Monreid Meagan X470 APA P X 470

-- Monreid Meagan R333

Notes: Grenadier's first show was the Sydney Royal. With no show stick training he was placed 3rd in the 16 to 20 mths category. He has a huge capacity and is thick all the way through & has an extremely good disposition. His dam is one of our top cows from the mighty Monreid Megan family. The sire, Dunmore Hardcopy, has only a very limited amount of straws remaining. When Dunmore dispersed he was Wendy's pick to use in her herd. No hoof trimming.**Purchaser:** _____ **Price:** _____**23****Ulmarra Simangus (P)***Mr A J Donehue*

Notes: This bull is another very good example of what the Simmental/Angus cross can produce. Meat, muscle, growth & easy doing ability. The sire of our two Simangus bulls, Hazeldean Z806 has done an excellent job for us producing breeding bulls, very good females & excellent vealer calves. Vaccinated for Vibro, 7in1, 3 day vet checked and semen tested.**Purchaser:** _____ **Price:** _____

25**Haras General***T, J & S Atkins*

Notes: A deep red bull, the son of our home grown sire who in turn is the son of our original stud sire, Barana Whittaker. A good all round bull. Vaccinated 7 in 1, Vibrovax & Pestigard.

29**2J'S Gas***Jesse & Jacob Bezwardny*

Notes: Gas is a very growth bull who's weaning weight at 8 mths was 430kg. His dam was supreme Simmental exhibit & 4th in interbreed at the 2008 Sydney Royal which is one of the highest placing in the breed history. The dams full sister was ranked No 1 in the breed in 2007. His sire, 2J's Diesel has sired ribbon winners in both stud & steer competitions including a broad ribbon winning steer in the carcass section at Sydney Royal 2012. Sons of both parents have been retained for in herd use. No hoof trimming.

**XTREME
PERFORMANCE**

1 SUSPENSION

- Years of innovation and relentless tuning have refined the ride to a level unmatched in the industry. Rolled Independent Rear Suspension (IRS) angles the shocks rearward for a smoother ride and less squat during acceleration.

ROLLED INDEPENDENT REAR SUSPENSION

2 ERGONOMICS FOR YOUR COMFORT

- With the engine rotated 90 degrees, riders enjoy 33% wider floorboards and narrower vehicle width at the knees for less leg fatigue and increased rider comfort.

3 ANTI-KICKBACK STEERING

- Placing the steering axis near the neutral centre of the tyre and having the long Dual A-Arm Front Suspension dramatically reduces kickback and minimises rider fatigue that comes with jolts to the handlebars from rough terrain.

6 PAYLOAD

- 680 kg towing capacity.
- 110 kg rear rack capacity
- 55 kg front rack capacity.
- 19.9 litre fuel capacity.

5 ENGINE BRAKING SYSTEM WITH ACTIVE DESCENT CONTROL

- ADC provides four-wheel braking when vehicle is in AWD. ADC is operating at speeds below 24 km/h and no throttle is being applied.

ACTIVE DESCENT CONTROL

4 ON-DEMAND TRUE ALL-WHEEL DRIVE (AWD)

- True AWD keeps you moving, automatically engaging all four wheels when you need more forward traction and reverting back to 2WD when you don't. Other ATVs use a limited-slip differential, often engaging only three wheels.

ON-DEMAND TRUE ALL-WHEEL DRIVE
